

# INDEX TO VOLUME 37

## SUBJECTS

### A

#### ABDOMEN

Intraperitoneal localized abscess: roentgenologic aid in diagnosis, J. Levitin, Aug., 205  
Radiation therapy as an aid in diagnosis of certain abdominal tumors (ab), E. A. Merritt and R. M. Caulk, July, 125

ABSCESS. *See under various organs and regions, as Lung, Peritoneum*

#### ACHONDROPLASIA

Achondroplasia foetalis (chondrodstrophy foetalis), E. L. Jenkinson and R. E. Kinzer, Nov., 581

ADRENAL GLANDS. *See Suprarenal glands*

#### AREOCELE

Case of intracranial areocele complicated by streptococcal meningitis (ab), G. Phillips, Sept., 385

#### AIR RAID CASUALTIES

X-ray examination in relation to treatment of air raid casualties (ab), E. Samuel, Dec., 767

#### ALKAPTONURIA

Roentgen findings in alkaptontonuria ochronosis, M. M. Pomeranz, L. J. Friedman, and I. S. Tunick, Sept., 295

#### AMERICAN COLLEGE OF RADIOLOGY

Amendments to constitution and by-laws, Dec., 756

Bulletin, Dec., 756

#### AMERICAN COLLEGE OF SURGEONS

Annual clinical congress, Sept., 374

#### ANATOMY

Some important considerations of soft tissue anatomy as revealed by radiography of anatomical cross-sections, J. R. Carte, Dec., 726

#### ANEURYSM

Aneurysm of ventricle of heart (ab), M. N. Fulton, Aug., 247

Polyostotic fibrous dysplasia with cutaneous pigmentation and congenital arteriovenous aneurysms (ab), H. M. Stauffer, et al., Nov., 650

#### ANGINA PECTORIS

Circulatory effects following intravenous administration of pitressin in normal persons and in patients with hypertension and angina pectoris (ab), A. Graybiel and R. E. Glendy, Nov., 653

#### ANGIOMA

Further experiences with Chaoul therapy, E. P. Pendergrass and P. J. Hodes, Nov., 550

Hemangioma of gastro-intestinal tract (ab), P. N. Pierose, July, 120

Roentgen near distance irradiation in hemangioma (ab), F. Schaefer, Aug., 257

Vertebral hemangioma (ab), L. Stehr, Oct., 518

#### ANIMAL EXPERIMENTATION. *See Experimental studies.*

#### ANKLE

Roentgraphic studies on ankle joint (ab), C. J. Hansson, Nov., 649

#### APPARATUS

Dosimeters, Evolution of, in roentgen-ray therapy, O. Glasser, Aug., 221

Intracavity cone, Some advances in construction and use of (ab), H. Martius and E. Witter, Aug., 259

Lens for roentgen rays: first experience of its application to therapy (ab), M. Lenzi, Nov., 658

Million-volt generator, Distribution of surface radiation from, M. C. Reinhard and H. L. Goltz, Sept., 385

New apparatus for localizing metallic foreign bodies (ab), H. Oberdalhoff, Dec., 767

Portable dark room for processing X-ray films rapidly, C. Jones, Dec., 740

Reflecting screen facilitating removal of foreign bodies and positioning in radiography (ab), H. Miller, Nov., 654

Shockproof cables and condensers, effect on two-valve half-wave rectification, M. M. D. Williams, July, 94

Some recent contributions of physics and engineering research to radiology, B. Casen, Sept., 338

Study of secondary screening, G. Schönander, Dec., 743

X-ray tube, Evolution of (ab), F. C. Hoecker, Nov., 654

X-ray tube circuits, Milliammeters at ground potential in, L. D. Marinelli, Sept., 331

#### ARMY. *See Military Radiology*

#### ARTERIOGRAPHY

Cerebral arteriography with diodrast, 50 per cent, S. W. Gross, Oct., 487

Researches on cerebral arteriography (ab), G. Galletto, Oct., 514

#### ARTERY

conary. *See Coronary occlusion*

#### Pulmonary

Conus arteriosus and pulmonary artery: improved method of visualization (ab), G. C. Cole, Sept., 386

Differential diagnosis of rounded, well delineated shadows in region of pulmonary conus (ab), F. Eggs, Oct., 514

### ARTHROSIS

Nondestructive tuberculous polyarthritides versus tuberculous rheumatism (Poncet) (ab), D. H. Kling and M. A. Levine, Dec., 763

Present trends in study of arthritis and rheumatism (ab), R. L. Cecil, July, 122

Radiation therapy in chronic arthritis (ed), Nov., 631

Roentgen therapy for rheumatic disease (ab), C. J. Smyth, et al., Dec., 770

Spinal. *See under Spine.*

### ARTHROGRAPHY

Arthrographic studies on ankle joint (ab), C. J. Hansson, Nov., 649

Value of arthrography of shoulder joint (ab), O. Axén, Nov., 649

### ASBESTOSIS

Studies in asbestos (ab), M. J. Stone, July, 118

### ATELECTASIS

Postoperative atelectasis: anesthetist's part in diagnosis and treatment (ab), L. H. Mousel, July, 118

Recurrent postoperative atelectasis, G. L. Apfelbach and J. B. Carter, Nov., 598

"Reversible" and "irreversible" massive pulmonary atelectasis: a radiologic study, C. P. Jacinto and M. Lahoz, Nov., 588

### ATLAS AND AXIS

Fracture of posterior arch of atlas (ab), S. E. Sinberg and M. S. Burman, July, 122

Non-traumatic dislocation of atlantoaxial joint (ab), S. S. Hanfling and C. Schlossberg, Aug., 252

Pathologic dislocations at atlantoaxial joint: unusual complication of rheumatic fever, W. A. Evans, Jr., Sept., 347

Platybasia (ab), P. J. Laube and O. Turner, Dec., 765

### B

### BACKACHE

Low back pain (ab), H. W. Harris, Aug., 251

### BILE DUCTS

Cholangiography, fractional method, W. S. Altman, Sept., 261

Demonstration of non-opaque stones in fistulae between duodenum and biliary system (ab), A. Beutel, Oct., 517

Diverticulum-like formation of common bile duct demonstrated by cholangiography (ab), S. E. Sjögren, Nov., 649

Exploration of common bile duct for stone. Drainage with T-tube and cholangiography (ab), M. J. Smyth, Aug., 249

### BIOPSY

Limitations of biopsy in x-ray therapy (ab), F. Roberts, Nov., 654

### BLADDER

Advances in roentgen-ray treatment of tumors of bladder (ab), F. H. Colby and R. Dresser, July, 126

Distant metastases from carcinoma of the urinary bladder, H. Greenfield, Aug., 181

Use of low-voltage contact roentgen irradiation in cancer of bladder, L. S. Goin and E. F. Hoffman, Nov., 545

### BLOOD CHOLESTEROL

Serum cholesterol and irradiation sickness (ab), B. E. Holmes, Nov., 657

### BLOOD PRESSURE

Circulatory effects following intravenous administration of pitressin in normal persons and in patients with hypertension and angina pectoris (ab), A. Graybiel and R. E. Glendy, Nov., 653

### BONES

*See also under names of bones, as Cranium, Fibula, Humerus, Spine, etc.*

Effect of x-ray therapy for closure of epiphyses: preliminary report, D. Spangler, Sept., 310

Growth of epiphyses (ab), J. A. Siegling, Aug., 253

### deformities

Achondroplasia foetalis (chondrodstrophy foetalis), E. L. Jenkinson and R. E. Kinzer, Nov., 581

Ollier's dyschondroplasia (ab), R. M. Carter, July, 124

### diseases

Albers-Schönberg disease (marble bones) (ab), A. Tunisi and F. Sciarri, Oct., 518

Chronic sclerosing non-suppurative osteomyelitis of Garré: report of case with involvement of cuboid bone, T. Horwitz, Oct., 496

Generalized osteochondritis (ab), T. Lucherini and E. Giacobini, Nov., 650

Melorheostosis, with report of case, S. V. Kirby, July, 62

Osteomalacia, osteoporosis, osteopetrosis, porotic kyphosis (ab), R. Kienböck, Oct., 517

Osteomylitis variolosa (ab), P. L. Fan, July, 124

Osteopetrosis (Lobstein type) (ab), P. Funk, July, 123

Polyostotic fibrous dysplasia with cutaneous pigmentation and congenital arteriovenous aneurysms (ab), H. M. Smyth, et al., Dec., 770

- BONES, diseases, Continued**
- Stauffer, et al., Nov., 650
  - Syphilis in bones in infancy: some possible errors in roentgen diagnosis (ab), W. A. Evans, Jr., July, 124
  - fractures.** See Fractures
  - necrosis**
  - Aseptic necrosis of bone occurring in caisson disease (ab), W. A. Walker, July, 124
  - tumors**
  - Benign giant-cell tumor, Late results in, obtained by radiation therapy, T. Leucutia, E. R. Witwer, and G. Belanger, July, 1
  - Osteogenic sarcoma, Treatment of (ab), A. B. Ferguson, July, 126
  - Periosteal fibrosarcoma (ab), M. Batts, Oct., 518
  - Roentgenologic considerations in diagnosis and treatment of primary malignant bone tumors, W. E. Howes and S. G. Schenck, July, 18
  - Solitary plasma-cell myeloma of bone as an initial stage in multiple myeloma (ab), B. B. King, July, 122
  - Two cases of bone tumors (multiple myeloma and plasmacytoma) treated by deep therapy (ab), I. L. Alves Corrêa, Oct., 519
- BOOKS RECEIVED** (not reviewed)
- Blair, V. P., Moore, S., and Byars, L. T.: Cancer of the Face and Mouth: Diagnosis, Treatment, Surgical Repair, Dec., 753
  - Davies, Nancy, and Isenburg, Ursel: Standard Radiographic Positions, Oct., 505
  - Denstad, Torfinn: Über die Bedeutung der Röntgenuntersuchung für die Kardiologie [Value of Roentgen Studies in Cardiology], Aug., 235
  - Grashey, Rudolf (editor): Albers Schönbergs die Röntgen-technik [Roentgen Technic], Dec., 753
  - Greineder, Kurt: Das Schichtbild der Lunge, des Tracheobronchialbaums und des Kehlkopfes [Tomographic Picture of the Lungs, Tracheobronchial Tree and Larynx], Oct., 505
  - McNeill, Clyde: Roentgen Technique, Sept., 375
- BOOKS REVIEWED**
- Alvarez, Walter C.: An Introduction to Gastro-Enterology, Oct., 505
  - Arquivo de patología, vols. 11 and 12, Sept., 376
  - Brocher, E. W.: Differential Diagnosis of Vertebral Tuberculosis, Dec., 754
  - Brown, Lawrason: Story of Clinical Pulmonary Tuberculosis, July, 108
  - Ellinger, Friedrich: Biologic Fundamentals of Radiation Therapy, Sept., 376
  - Goldhamer, Karl: X-ray Therapy of Chronic Arthritis, Oct., 505
  - Kremer, Wilhelm, and Retzlaff, Leonore: Die Deutung des Röntgenschichtbildes der Lungenspitzen bei Lungentuberkulose [Interpretation of Tomograms of Lung Apices in Pulmonary Tuberculosis], Dec., 753
  - Lob, Alfons: Die Wirbelsäulenverletzungen und ihre Ausheilung [Vertebral Injuries and Their Healing], Dec., 753
  - Pardo-Castello, V.: Diseases of the Nails, Nov., 641
  - Robertson, John Kellock: Radiology Physics, Sept., 375
  - Watson-Jones, R.: Fractures and Other Bone and Joint Injuries, Aug., 236
- BRAIN**
- Cerebral arteriography, Researches on (ab), G. Galletto, Oct., 514
  - Cerebral arteriography with diodrast, 50 per cent, S. W. Gross, Oct., 487
  - Cerebral hemiatrophy with compensatory homolateral hypertrophy of skull and sinuses and diminution of cranial volume (ab), A. T. Ross, Nov., 646
  - Cysticercus cellulosae: its radiographic detection in musculature and central nervous system (ab), J. F. Brailsford, Nov., 653
  - Multiple calcified cerebral masses with psychosis and convulsions (ab), F. H. Mayfield, Aug., 245
  - Reduction of pain and other undesirable reactions due to pneumo-encephalography (ab), T. J. C. von Storch and H. H. Karr, Dec., 766
  - tumors. See also Meninges
  - Intracranial tumors: study of 467 histologically verified cases (ab), A. B. Baker, July, 115
  - Roentgen therapy of 100 consecutive tumors of brain or spinal cord, F. B. Mandeville, D. A. Russell, and M. S. Farley, Nov., 560
- BREAST**
- Clinical management of breast tumors (ab), G. W. Taylor, July, 125
  - Consideration of recent additions to clinical and experimental knowledge of breast conditions (ab), F. E. Adair, Sept., 389
  - cancer**
  - Carcinoma of breast in a ten-year-old girl (ab), J. B. Sears and M. J. Schlesinger, Aug., 255
  - Carcinoma of male breast, M. D. Sachs, Oct., 458
  - Carcinomas of breast and their treatment (ab), P. Desaive, Dec., 768
  - Diagnosis and management of cancer of breast (ab), A. C. Christie, Oct., 519
- BRONCHI**
- Foreign bodies in air and food passages (ab), A. Greifenstein, Dec., 766
  - Polypoid bronchial tumors with special reference to bron-
- chial adenomas (ab), A. Goldman and H. B. Stephens, Sept., 386
  - Primary carcinoma of bronchus (ab), H. J. Moersch, Aug., 255
  - Traumatic bronchostenosis and its treatment (ab), W. Löffler and F. Nager, Nov., 647
- BRONCHIECTASIS**
- High spots in bronchiectasis (ab), P. B. Goodwin, Dec., 760
  - Tracheobronchiectasis and factors which lead to bronchiectasis (ab), M. Kartagener and K. Ulrich, Aug., 246
- BURSITIS.** See also Peritendinitis
- Acute trochanteric bursitis with calcification (ab), A. J. Schein and O. Lehmann, Dec., 764
  - Roentgen irradiation of calcareous deposits about the shoulder, L. W. Baird, Sept., 316
- C**
- CABLES.** See under Apparatus
- CAISSON DISEASE**
- Aseptic necrosis of bone in caisson disease (ab), W. A. Walker, July, 124
- CALCIFICATION**
- Acute trochanteric bursitis with calcification (ab), A. J. Schein and O. Lehmann, Dec., 764
  - Calcification and ossification (ab), M. R. Urist and F. C. McLean, Nov., 652
  - Hypodermoliths, report of localized case, A. Bowen, July, 103
  - Multiple calcified cerebral masses with psychosis and convulsions (ab), F. H. Mayfield, Aug., 245
  - Roentgen irradiation of calcareous deposits about the shoulder, L. W. Baird, Sept., 316
  - Treatment of peritendinitis in shoulder joint, I. Klein and J. S. Klemes, Sept., 325
- CALCULI**
- Demonstration of non-opaque stones in fistulae between duodenum and biliary system (ab), A. Beutel, Oct., 517
  - Exploration of common bile duct for stone. Drainage with T-tube and cholangiography (ab), M. J. Smyth, Aug., 249
  - Pancreatic lithiasis, M. H. Poppel and A. H. Levy, Aug., 174
- CANCER.** See also Sarcoma and under names of organs and regions, as Breast, Stomach, Uterus, etc.
- Criteria of malignancy, A. Graham, Nov., 521
  - Relation of solar radiation to cancer mortality in North America (ab), F. L. Aupperly, Dec., 769
  - Tracer studies with radioactive phosphorus in malignant neoplastic disease, J. M. Kenney, L. D. Marinelli, and H. Q. Woodward, Dec., 683
- metastases**
- Distant metastases from carcinoma of urinary bladder, H. Greenfield, Aug., 181
  - Inflammatory cutaneous metastatic carcinoma (ab), M. J. Reuter and R. Nomland, Oct., 519
  - Radiation therapy in treatment of metastatic malignancy of chest (ab), R. G. Giles, July, 125
- treatment**
- Carcinoma in young people and its treatment by Chaoul's near distance roentgen irradiation (ab), W. Neumann, Aug., 234
  - Chaoul therapy, Further experiences with, E. P. Pendergrass and P. J. Hodes, Nov., 550
  - Experiences with treatment of carcinoma of face, especially of eyelids, by thorium-x (ab), E. Sauer, Aug., 255
  - Limitations of biopsy in x-ray therapy (ab), F. Roberts, Nov., 654
  - Peroral treatment of malignant tumors (ab), B. Ebenius, Nov., 655
- Physical and biological considerations in use of slow neutrons for cancer therapy, P. A. Zahl and F. S. Cooper, Dec., 673
- Pride and prejudice in treatment of cancer (ab), A. Webb-Johnson, Aug., 254
- Return to normal life of patients with distant metastases as goal of radiation therapy (ab), W. G. Deucher, Aug., 254
- CARCINOIDS.** See under Tumors
- CARDIAZOL.** See Convulsions and convulsive therapy
- CARPUS.** See Wrist
- CATARACTS.** See Eyes
- CATARRH, VERNAL**
- Further experiences with Chaoul therapy, E. P. Pendergrass and P. J. Hodes, Nov., 550
- CECUM**
- Metastasizing argentine tumor of cecum in a case of multiple colonic malignancies (ab), C. W. Mayo and W. D. Wilson, Oct., 516
- CELLS**
- Effect of gamma radiation on cells *in vitro*: spaced radiation (ab), F. G. Spear and A. Glücksmann, Nov., 658
  - Radiation and the cell (ab), P. S. Henshaw, Nov., 658
- CHARCOT JOINT.** See Joints, diseases
- CHEST.** See also Lungs, Mediastinum, etc.
- Differential diagnosis of rounded, well delineated shadows in the region of the pulmonary conus (ab), F. Eggers, Oct., 514
  - Interpretation of chest x-ray films (ab), D. W. Heusinkveld, Aug., 245
  - Intrathoracic malignancy in children (ab), S. Goldberg and J. Wallen, Dec., 760

- Lymphomatoid diseases, Intrathoracic manifestations of, J. O. Vieta and L. F. Craver, Aug., 138
- Neurinoma of thorax, Roentgen diagnosis of, I. N. Odessky, Oct., 454
- Neurogenic tumors, Intrathoracic, K. Kornblum and H. H. Bradshaw, Oct., 391
- Pregnancy, Routine chest roentgenograms in: study based on 800 consecutive cases (ab), H. K. Graham, Aug., 246
- Tumors, non-neoplastic disease, and foreign bodies in neck and chest, Demonstration of, by body section roentgenography (planigraphy) (ab), B. R. Young, Nov., 654
- War wounds of chest (ab), D. Robb, Dec., 761
- mass radiologic surveys. *See also under* Tuberculosis, pulmonary
- Bulletin of American College of Radiology, Dec., 755
- Comparison of photofluorograms and regular large films during serial examination of workers exposed to dust (ab), E. Sauge, Oct., 514
- Mass radiography of the chest (ab), S. C. Shanks, Oct., 514
- Serial fluoroscopy in the army (ab), O. Spühler, July, 116
- CHILDREN**
- Cholelithiasis and cholelithiasis in children (ab), R. A. Tearanan, Dec., 763
- Congenital changes of hip joint as source of misdiagnosis and mistreatment in childhood (ab), W. Leun, Dec., 764
- Fractures in neck of femur in children, with particular reference to aseptic necrosis (ab), B. Carroll and W. B. Carroll, Nov., 649
- Intrathoracic malignancy in children (ab), S. Goldberg and J. Wallen, Dec., 760
- Malignant renal neoplasms in children (ab), C. C. Higgins and F. L. Shively, Jr., Aug., 250
- Roentgen kymography in study of heart in childhood (ab), J. V. Greenbaum, et al., Sept., 386
- Roentgenologic studies of size of heart in childhood (ab), H. B. Taussig and M. Goldenberg, Nov., 647
- Spontaneous pneumothorax of newly born, with report of case (ab), W. H. Wood, Jr., and W. H. Paine, Oct., 515
- Study of gastro-intestinal tract of children and its relation to the adult, W. W. Wasson, Sept., 277
- CHLOROMA**
- Chloroma (ab), T. A. Kemp and E. R. Williams, Dec., 765
- CHOLANGIOGRAPHY**
- Cholangiography, fractional method, W. S. Altman, Sept., 261
- Diverticulum-like formation of common bile duct demonstrated by cholangiography (ab), S. E. Sjögren, Nov., 649
- Exploration of common bile duct for stone. Drainage with T-tube and cholangiography (ab), M. J. Smyth, Aug., 249
- CHOLECYSTITIS AND CHOLELITHIASIS.** *See* Gallbladder
- CHOLESTEROL**
- Serum cholesterol and irradiation sickness (ab), B. E. Holmes, Nov., 657
- CHONDRODYSSTROPHIA FOETALIS.** *See* Achondroplasia
- CLAVICLE**
- Rhomboid depression of clavicle, S. Shulman, Oct., 489
- Coccidioidomycosis**
- Acute (primary) coccidioidomycosis: roentgen findings in a group epidemic, R. G. Powers and D. J. Starks, Oct., 448
- Coccidioidoïdosis**
- Coccidioidal granuloma: brief review with report of case of meningeal involvement (ab), W. McK. Craig and M. B. Dockerty, Nov., 653
- COLON**
- Carcinoma of colon: early diagnosis with double contrast enema (ab), J. Gershon-Cohen and H. Shay, Aug., 249
- Carcinoma of large intestine (ab), R. E. Burge, Dec., 762
- Combined irradiation and surgery in treatment of carcinoma of pelvic colon, H. P. Doub, J. P. Pratt, and H. C. Jones, Nov., 375
- Fistula. *See* Fistula
- Metastasizing argytaffine tumor of cecum in case of multiple colonic malignancies (ab), C. W. Mayo and W. D. Wilson, Oct., 516
- CONDENSERS. See** Apparatus
- CONTRAST MEDIA.** *See also* Iodized oil, Thorotrast
- Cerebral arteriography with diodrast, 50 per cent, S. W. Gross, Oct., 487
- Diffuse emphysema following a double contrast enema, S. Brown and A. Fine, Aug., 228
- CONUS ARTERIOSUS.** *See under* Heart
- CONVULSIONS AND CONVULSIVE THERAPY**
- Fracture of column after treatment of psychoses with car diazol shock (ab), A. Vogt, Aug., 252
- Mechanism of post-metrazol gibbus (ab), T. K. Rathmell, Aug., 252
- Vertebral compression fractures sustained during convulsions (ab), S. Androp, et al., Oct., 517
- CORONARY OCCLUSION**
- Diagnosis of coronary occlusion and myocardial infarction by fluoroscopic examination (ab), A. M. Master, et al., July, 118
- Roentgenoscopy as diagnostic aid in coronary occlusion (ab), A. M. Master, Nov., 647
- CRANIUM.** *See also* Sella turcica
- Case of intracranial aerocoele complicated by streptococcal meningitis (ab), G. Phillips, Sept., 385
- Cerebral hemiatrophy with compensatory homolateral hypertrophy of skull and sinuses and diminution of cranial volume (ab), A. T. Ross, Nov., 648
- Cranial and intracranial epidermoidomas from roentgenological viewpoint (ab), C. W. Schwartz, Sept., 385
- Internal frontal hyperostosis (ab), P. H. Rossier and J. P. Secretan, July, 116
- Interpretation of overlapping of cranial bones in fetus (ab), L. Billing, Nov., 652
- Osteomyelitis of frontal bone as complication of frontal sinusitis (ab), H. P. Mosher, July, 115
- Osteomyelitis of skull following frontal sinusitis (ab), A. S. Macmillan, July, 115
- Retothelial sarcomate involving skull (ab), W. Loopp, Oct., 520
- Roentgenologic views on basilar impression (ab), E. Lindgren, Nov., 646
- CUBOID BONE.** *See* Foot
- CYSTICERCUS CELLULOSAE**
- Cysticercus cellulosae: its radiographic detection in musculature and central nervous system (ab), J. F. Brailsford, Nov., 653
- D**
- DIAPHRAGM.** *See also* Hernia
- Eosphageal obstruction due to gummata of esophagus and diaphragm (ab), R. H. Kampmeier and E. Jones, Nov., 648
- DIODRAST.** *See under* Arteriography
- DISLOCATIONS.** *See also* Spine, dislocations
- Anterior dislocation of fourth cervical vertebra, caused by catalectic posture of patient's neck (ab), N. J. Giannestras, Aug., 252
- Bilateral congenital dislocation of head of radius, two cases (ab), H. P. Mauck and R. D. Butterworth, July, 122
- Non-traumatic dislocation of atlantoaxial joint (ab), S. S. Hanflig and C. Schlosberg, Aug., 252
- Perilunar luxation of hand (ab), A. Rauher, Sept., 387
- DIVERTICULUM**
- Diverticulum-like formation of common bile duct demonstrated by cholangiography (ab), S. E. Sjögren, Nov., 649
- Duodenal diverticula and their complications, with particular reference to acute pancreatic necrosis (ab), R. F. Ogilvie, Oct., 516
- DOSAGE.** *See under* Roentgen Therapy
- DUODENUM**
- Diverticula, Duodenal, and their complications with particular reference to pancreatic necrosis (ab), R. F. Ogilvie, Oct., 516
- Fistulae between duodenum and biliary system. Demonstration of non-opaque stones in (ab), A. Beutel, Oct., 517
- Influence of reciprocal topographic-anatomic relations of pyloric antrum, pylorus, and duodenum, on roentgen picture in different exposures (ab), E. Walder, Aug., 247
- Leiomysarcoma of duodenum, B. H. Henning and L. H. Garland, Sept., 353
- Normal mucosa of duodenum, Roentgenologic consideration of, M. Feldman, Sept., 284
- Ulcer, duodenal, Roentgenologic anatomy of (ab), G. Borhani, July, 119
- Ulcer, gastric and duodenal, Roentgenographic study of relative incidence of, J. W. McMullen, Aug., 194
- Ulcer, large or giant, Diagnostic problems in cases of, W. P. Elkin, Dec., 748
- DWARFISM**
- Dwarfism (ab), A. A. Werner, Nov., 650
- E**
- EDITORIALS**
- Case for inclusive rates, Dec., 751
- Gastritis and antral narrowing, July, 105
- Oblique radiography of spine, Aug., 232
- Radiation therapy in chronic arthritis, Nov., 631
- Radiological Society of North America: Annual Meeting, 1941, W. W. Wasson, Oct., 500
- Responsibility in radiotherapy, F. C. Wood, Sept., 361
- ELECTROLYTES**
- Influence of radiation on electrolytic coagulation of mastic sol, F. L. Warburton, Aug., 260
- ELECTRONS**
- Acceleration of electrons by magnetic induction (ab), D. W. Kerst, Sept., 390
- EMOTIONS**
- Influence of emotions upon esophageal function: a comparison of esophagoscopic and roentgenologic findings, W. B. Faulkner, Jr., F. H. Rodenbaugh, and J. R. O'Neill, Oct., 443
- EMPHYSEMA.** *See under* Lungs
- ENCEPHALOGRAPHY**
- Reduction of pain and other undesirable reactions due to pneumo-encephalography (ab), T. J. C. von Storch and H. H. Karr, Dec., 766
- ENDOMETRIOSIS**
- Endometriosis of ileum with chronic partial intestinal obstruction (ab), P. M. Glenn and J. J. Thornton, July, 120

- ENEMA** Diffuse emphysema following double contrast enema, S. Brown and A. Fine, Aug., 228
- EPIDERMOPHYTOSIS.** See Ringworm
- EPIPHYES** Effect of x-ray therapy for closure of epiphyses: preliminary report, D. Spangler, Sept., 310  
Growth of epiphyses (ab), J. A. Siegling, Aug., 253  
**separation** Complete bilateral epiphyseal separation of upper humeral epiphyses due to scurvy (ab), R. T. Hudson, *et al.*, Nov., 650  
Epiphyseal dislocations in scurvy (ab), W. Scott, Nov., 650  
Slipping of upper femoral epiphysis: end results after conservative treatment (ab), M. Forrester Brown, Nov., 650
- EPULIS** Radiologic treatment of epulis (ab), S. R. Kjellberg, Nov., 655
- ERYTHEMA NODOSUM** Mediastinal and pulmonary changes in erythema nodosum, L. W. Paul and E. A. Pohle, Aug., 131
- ESOPHAGUS** Congenital short esophagus with thoracic stomach and esophageal hiatus hernias (ab), H. F. Polley, Sept., 387  
Foreign bodies in air and food passages (ab), A. Greifenstein, Dec., 766  
Influence of emotions upon esophageal function: a comparison of esophagoscopic and roentgenologic findings, W. B. Falkner, Jr., F. H. Rodenbaugh, and J. R. O'Neill, Oct., 443
- carcinoma** Carcinoma of esophagus developing in benign stricture (ab), E. B. Benedict, Oct., 516  
Roentgen therapy in combination with ultra-short waves and insulin injections, especially in carcinoma of stomach and esophagus (ab), J. G. Heeren, July, 125  
Rotating irradiation of carcinoma of esophagus with continuous fluoroscopic control (ab), M. Nakadzumi and T. Miyakawa, July, 125  
Therapy of carcinoma of esophagus (ab), L. Bayer, Nov., 655  
Thoracotomy roentgen treatment of cancer of esophagus (ab), M. Strandqvist, Nov., 655
- obstruction** Esophageal obstruction due to gummata of esophagus and diaphragm (ab), R. H. Kampmeier and E. Jones, Nov., 648  
Some radiological observations on postcricoid obstruction and anemia (ab), A. S. Johnstone, Dec., 762
- SARCOMA** Leiomyosarcoma of esophagus (ab), L. R. French and L. H. Garland, Sept., 387  
Sarcoma of esophagus—symptom-free fifteen months after x-ray therapy (ab), L. Bayer, Nov., 655
- EXPERIMENTAL STUDIES.** See also Tumors, experimental Absorption of radiophosphorus in irradiated and non-irradiated mice, L. D. Marinelli and J. M. Kenney, Dec., 691  
Action of radiations emitted by radium plaques, unfiltered and filtered radon seeds and intravenous injection of radon dissolved in blood (ab), A. Eidinow, Aug., 260  
Biological effect of roentgen rays of long and short wavelength on the totally irradiated rat, J. C. Potter, Dec., 724  
Calcification and ossification (ab), M. R. Urist and F. C. McLean, Nov., 652  
Contribution to problem of biological effects of radiation: determination of susceptibility of organs to x-rays *in vivo* by means of a biochemical method (ab), R. Abderhalden, July, 129  
Effect of gamma radiation on cells *in vivo*: spaced radiation (ab), F. G. Spear and A. Glücksmann, Nov., 658  
Effect of prolonged x-irradiation on Congo red index of rabbits (ab), C. Hoch-Ligeti, Nov., 658  
Effect of roentgen irradiation upon lymphatic flow in rats, P. J. Hodes and J. Q. Griffith, Aug., 203  
Elimination of radioactive elements by patients and rabbits after injection of thorotrast, W. Stenstrom, Dec., 698  
Experimental study on desuetude of renal function by irradiation of roentgen rays (ab), H. Ito, July, 130  
Further lung dusting experiments (ab), A. E. Barclay, *et al.*, Aug., 260  
Influence of roentgen irradiation of normal lung on prevention of subsequent metastatic tumor growth: preliminary report, R. P. Barden, Nov., 608  
Physical and biological consideration in use of slow neutrons for cancer therapy, P. A. Zahl and F. S. Cooper, Dec., 673  
Reaction of kidney tubules in tissue culture to roentgen rays, R. Chambers and G. Cameron, Aug., 186  
Reactions of *Phycomyces blakesleeana* following x-ray and gamma radiation (ab), A. Forssberg, Nov., 658  
Roentgen radiation in experimental Clostridium welchii infection (gas gangrene) in dogs: preliminary report, A. H. Dowdy and R. L. Sewell, Oct., 440  
Roentgen therapy of experimental lobar pneumonia in dogs (ab), L. M. Lieberman, *et al.*, Aug., 259  
Roentgen treatment of experimental pneumonia in guinea-pig, C. Fried, Aug., 197  
Treatment of gas gangrene experimentally produced (ab), G. A. Caldwell, Aug., 259  
X-ray anemia and x-ray death of small animals (ab), M. C. Terry and S. B. McFarland, July, 130
- X-ray reactions in ear of rabbit with special consideration of variations in intensity (ab), H. J. Teschendorf, July, 129
- EYE** Radiological aspects of investigation into relationship of chronic irido-cyclitis, uveo-parotitis, and tuberculosis (ab), E. R. Williams, Nov., 647  
Roentgen measurement of visual acuity in cataractous eyes, R. R. Newell and W. E. Borley, July, 54  
Treatment of iridocyclitis and of vascular diseases of retina with roentgen rays (ab), R. Hessberg, July, 127
- EYELIDS** Experiences with treatment of carcinoma of face, especially of eyelids, by thorium-x (ab), E. Saupe, Aug., 255
- F**
- FACE** Experiences with treatment of carcinoma of face, especially of eyelids, by thorium-x (ab), E. Saupe, Aug., 255
- FEMUR** Fractures in neck of femur in children, with particular reference to aseptic necrosis (ab), B. Carroll and W. B. Carroll, Nov., 649  
Slipping of upper femoral epiphysis: end results after conservative treatment (ab), M. Forrester Brown, Nov., 650
- FETUS** Interpretation of overlapping of cranial bones in fetus (ab), L. Billing, Nov., 652
- FIBULA** Fatigue fracture of fibula in an industrial worker (ab), M. Detlefsen, Nov., 649
- FISTULA** Demonstration of non-opaque stones in fistulae between duodenum and biliary system (ab), A. Beutel, Oct., 517  
Gastrocolic fistula, Radiological evidence of (ab), A. Gregori, Nov., 648  
Gastrocolic fistula: report of 12 cases, M. Ritvo and R. J. McDonald, Sept., 269  
Gastro-colic and gastro-jeuno-colic fistula (report of 5 cases) (ab), E. R. Williams, Aug., 248
- FLUOROSCOPY** Accuracy of fluoroscopy in detection of pulmonary tuberculosis (ab), H. L. Israel and H. W. Hetherington, Aug., 245  
Diagnosis of coronary occlusion and myocardial infarction by fluoroscopic examination (ab), A. M. Master, *et al.*, July, 118  
Serial fluoroscopy in the army (ab), O. Spühler, July, 116
- FOOT** Chronic sclerosing non-suppurative osteomyelitis of Garré: report of case with involvement of cuboid bone, T. Horwitz, Oct., 496  
Fracture-dislocation of mid-foot with reference to the oblique projection, Case of (ab), W. Leun, Aug., 253  
Os intermetatarsum, unusual variant, P. J. Delano, July, 102  
Radiation treatment of plantar warts (ab), J. H. Marks and C. C. Fransen, Aug., 257  
Treatment of interdigital epidermophytosis (ab), du Bois, Aug., 257
- FOREARM** Malunited and ununited fractures of both bones of forearm (ab), R. K. Ghormley, Dec., 763
- FOREIGN BODIES** Demonstration of tumors, non-neoplastic disease, and foreign bodies in neck and chest by body section roentgenography (planigraphy) (ab), B. R. Young, Nov., 654  
Foreign bodies in air and food passages (ab), A. Greifenstein, Dec., 766  
Localization of foreign bodies (ab), C. Scholder, July, 124  
Localization and removal of foreign bodies in war injuries (ab), A. Zuppinger, Dec., 767  
New apparatus for localizing metallic foreign bodies (ab), H. Oberdahoff, Dec., 767  
Reflecting screen facilitating removal of foreign bodies and positioning in radiography (ab), H. Miller, Nov., 654
- FRACUTURES** Calcification and ossification in rachitic rats (ab), M. R. Urist and F. C. McLean, Nov., 652  
Femur, Fractures of neck of, in children, with particular reference to aseptic necrosis (ab), B. Carroll and W. B. Carroll, Nov., 649  
Fibula, Fatigue fracture of, in an industrial worker (ab), M. Detlefsen, Nov., 649  
Forearm, Malunited and ununited fractures of both bones of (ab), R. K. Ghormley, Dec., 763  
Mid-foot, Case of fracture-dislocation of, with reference to oblique projection (ab), W. Leun, Aug., 253  
Posterior arch of atlas, Fracture of (ab), S. E. Sinberg and M. S. Burman, July, 122  
Tibial condyle, external, Treatment of fracture of (bumper fracture) (ab), J. S. Barr, Aug., 253  
Tibial condyles, Fractures of (ab), E. M. Bick, Aug., 253  
Treatment of compound fractures in war: reports of practical experience in Spanish Civil War (ab), L. Eloesser, Aug., 252
- vertebral** Fracture of column after treatment of psychoses with car diazol shock (ab), A. Vogt, Aug., 252  
Study of aging of spinal fractures (ab), W. Jaeger, Sept., 387  
Transverse process fracture (ab), L. Bayer, Aug., 252

## INDEX TO SUBJECTS

775

- Vertebral compression fractures sustained during convulsions (ab), S. Androp, et al., Oct., 517**
- FURUNCLES**  
Further experiences with Chaoul therapy, E. P. Pendergrass and P. J. Hodes, Nov., 550
- G**
- GALLBLADDER**  
Cholecystitis and cholelithiasis in children (ab), R. A. Tearnan, Dec., 763  
Combination of cholecystography and barium meal examination: economical and practical value (ab), A. S. Johnstone, Nov., 649  
Double gallbladder (ab), F. Isik, July, 120  
Double gallbladder, Cholecystographic diagnosis of, with pathologic verification, W. R. Scott, S. Sanes, and H. A. Smith, Oct., 492  
Radiological image of gallbladder after ingestion of natural medicinal waters (ab), J. M. Cabello Campos and E. B. Ribot, July, 120
- GANGLION**  
Radiation treatment of ganglia of wrist and hand (ab), F. M. Lyle, Aug., 258
- GANGRENE, GAS**  
Gas gangrene of uterus, M. H. Poppel and M. Silverman, Oct., 491  
Roentgen radiation in experimental Clostridium welchii infection (gas gangrene) in dogs: preliminary report, A. H. Dowdy and R. L. Sewell, Oct., 440  
Treatment of gas gangrene experimentally produced (ab), G. A. Caldwell, Aug., 259  
Twelve-year review x-ray therapy of gas gangrene, J. F. Kelly and D. A. Dowell, Oct., 421
- GASTRITIS.** See under Stomach
- GASTRO-INTESTINAL TRACT.** See also Cecum, Colon, Duodenum, Intestines, Jejunum, Stomach, etc.  
Combination of cholecystography and barium meal examination: economical and practical value (ab), A. S. Johnstone, Nov., 649  
Fistula. See Fistula  
Hemangioma of gastro-intestinal tract (ab), P. N. Pierose, July, 120  
Radiologic investigation of dyspeptic soldiers (ab), R. Safey, Nov., 648  
Studies of radiologic image of gastro-intestinal mucosa: normal stomach (ab), A. Casati, July, 119  
Study of gastro-intestinal tract in children and its relation to the adult, W. W. Wasson, Sept., 277  
Surgical significance of gastro-intestinal bleeding (ab), V. C. Hunt, Oct., 516  
Ulcer. See Peptic ulcer
- GENTO-URINARY TRACT.** See also Bladder, Kidneys, Penis, Prostate, Pyelography, etc.  
Differential diagnosis of hematurias, with report of two rare cases (ab), R. Weyeneth, Dec., 765
- GOUT**  
Clinical gout (ab), J. H. Talbott, Nov., 651
- GYNECOLOGY.** See also Ovaries, Pregnancy, Uterus, etc.  
Radiation therapy in gynecology (ab), J. V. Meigs, Aug., 255  
Radiological studies of sella region in gynecology (ab), de Bernardi, Nov., 652  
Results with Chaoul's near distance irradiation in gynecology (ab), L. Csonth and Z. Horvath, July, 125  
Treatment of functional disorders of female by radiation of pituitary gland (ab), J. Kotz and E. Parker, July, 128
- H**
- HAND.** See also Wrist  
Hypodermoliths: report of localized case, A. Bowen, July, 103  
Perilunar luxation of hand (ab), A. Rauber, Sept., 387  
Radiation treatment of ganglia of wrist and hand (ab), F. M. Lyle, Aug., 258
- HEART**  
Aneurysm of ventricle of heart (ab), M. N. Fulton, Aug., 247  
Compression of heart, C. S. Beck, July, 47  
Conus arteriosus and pulmonary artery: improved method of visualization (ab), G. C. Cole, Sept., 386  
Coronary occlusion, and myocardial infarction: Diagnosis of, by fluoroscopic examination (ab), A. M. Master, et al., July, 118  
Examination of heart and lungs by cardioangiographic method (ab), I. Seth Hirsch, July, 118  
Hodgkin's disease: report of case with unusual longevity and invasion of heart and pericardium (ab), M. Ritvo, Aug., 257  
Left ventricular hypertrophy, Roentgen demonstration of (ab), G. Levene and R. M. Lowman, July, 119  
Rhythm changes in heart due to roentgen irradiation (ab), P. Eggers, Nov., 657  
Roentgenkymogram in myocardial infarction (ab), M. L. Sussman, et al., July, 119  
Roentgenkymogram in study of the heart in childhood (ab), J. V. Greenbaum, et al., Sept., 386  
Roentgenkymography of the heart: its clinical applications and limitations (ab), R. Gubner, et al., July, 119  
Roentgenologic studies of size of heart in childhood (ab), H. B. Taussig and M. Goldenberg, Nov., 647
- Tetralogy of Fallot: contrast visualization of heart and great vessels, A. Grishman, M. F. Steinberg, and M. L. Sussman, Aug., 178**
- HEAT**  
Action of dry heat on Wood's sarcoma (ab), K. Overgaard and H. Okkels, Aug., 259
- HEMANGIOMA.** See Angioma
- HEMATEMESIS**  
Etiology and diagnosis of massive hematemesis and melena (ab), S. Goodman, Aug., 247
- HEMATURIA**  
Differential diagnosis of hematurias with report of two rare cases (ab), R. Weyeneth, Dec., 765
- HERNIA**  
Congenital short esophagus with thoracic stomach and esophageal hiatus hernias (ab), H. F. Polley, Sept., 387  
Diaphragmatic hernia of stomach, D. S. Bellin, July, 68  
Inguinal hernia, Radiographic findings in two unusual cases (ab), E. R. Williams, Aug., 249  
Parasternal diaphragmatic hernia, with report of case on the right side, R. Colmers, Dec., 733
- HERPES ZOSTER**  
Roentgen ray therapy in treatment of herpes zoster (ab), P. McCombs, et al., Aug., 257
- HIP**  
Acute trochanteric bursitis with calcification (ab), A. J. Schein and O. Lehmann, Dec., 764  
Congenital changes of hip joint as source of misdiagnosis and mistreatment in childhood (ab), W. Leon, Dec., 764  
Legg-Perthes disease: its early roentgenographic manifestations and its cyclical course (ab), A. B. Gill, July, 123
- HODGKIN'S DISEASE.** See also Lymphoblastoma  
Hodgkin's disease: report of case with unusual longevity and invasion of heart and pericardium (ab), M. Ritvo, Aug., 257  
Intrathoracic manifestations of lymphomatoid diseases, J. O. Vieta and L. F. Craver, Aug., 138
- HOSPITALS**  
Bulletin of American College of Radiology, Dec., 755  
Case for inclusive rates (ed), Dec., 751  
Employment of physicians by hospitals: some legal aspects, M. F. Cahal, Aug., 237; Sept., 377; Oct., 507  
Group hospitalization, Dec., 756
- HUMERUS**  
Complete bilateral epiphyseal separation of upper humeral epiphyses due to scurvy (ab), R. T. Hudson, et al., Nov., 650
- HYDROCEPHALUS**  
Roentgen diagnosis of intra-uterine hydrocephalus, R. Torpin and L. P. Holmes, Sept., 351
- HYPERTOSTOSIS.** See under Cranium
- HYPODERMOLITHS**  
Hypodermoliths: report of localized case, A. Bowen, July, 103
- HYPOPHYYSIS.** See Pituitary body
- I**
- ILEUM**  
Endometriosis of ileum with chronic partial intestinal obstruction (ab), P. M. Glenn and J. J. Thornton, July, 120  
Regional ileitis (ab), W. L. Graham, Aug., 248
- INFECTIONS.** See under various organs and infectious processes
- INFLAMMATIONS**  
Roentgen therapy of inflammatory processes and its mechanism of effect (ab), H. Wintz, July, 127
- INSULIN**  
Roentgen therapy in combination with ultra-short waves and insulin injections, especially in carcinoma of stomach and esophagus (ab), J. G. Heeren, July, 125
- INTERVERTEBRAL DISKS.** See under Spine
- INTESTINES.** See also Colon, Ileum, Jejunum, etc.  
Clinical significance of roentgenologic findings of small intestine, S. A. Portis, Sept., 289  
Studies in radiation sickness: vitamins B<sub>1</sub> and C and the small intestinal change (ab), W. S. Wallace, Oct., 520  
obstruction
- Endometriosis of ileum with chronic partial intestinal obstruction (ab), P. M. Glenn and J. J. Thornton, July, 120  
Intubation management of distention in intestinal obstruction (ab), L. C. Bennett, Aug., 248  
X-ray diagnosis of acute intestinal obstruction (ab), P. B. Ascroft and E. Samuel, Aug., 248
- INTUSSUSCEPTION**  
Intussusception of jejunum due to carcinoid tumor (ab), S. Mufson and E. A. Horowitz, Nov., 648
- IODIZED OIL**  
Immediate and late effects of intrathecal injection of iodized oil (ab), A. W. Marcovitch, et al., Dec., 766  
Misplaced spinal lipiodol: analysis of 104 lipiodol spinograms, W. B. Hamby, Sept., 343  
Removal of iodized oil by lumbar puncture (ab), C. S. Kubis and A. O. Hampton, Nov., 654
- IRIDOCYCLITIS.** See under Eye
- J**
- JAW**  
Radiological study of tumors of jaw (ab), C. Bignami, Nov., 646

**JEJUNUM**

Carcinoma of jejunum: report of two cases, E. C. Koenig and G. J. Culver, Sept., 357  
 Intussusception of jejunum due to carcinoid tumor (ab), S. Mufson and E. A. Horowitz, Nov., 648  
 Primary adenocarcinoma of jejunum (ab), E. L. Hunt and G. D. Kanab, Aug., 248

**JOINTS.** See also Arthritis and Arthrography

Diagnosis of neuropathic joint disease (Charcot joint), analysis of 40 cases (ab), R. Soto-Hall and K. O. Halde-man, July, 123

**K****KELOIDS**

Further experiences with Chaoul therapy, E. P. Pendergrass and P. J. Hodes, Nov., 550

**KIDNEY**

Experimental study on desuetude of renal function by irradiation of roentgen rays (ab), H. Ito, July, 130  
 Kidney tumours (analysis of a series of 118 cases) (ab), E. Smith and A. Young, Aug., 250  
 Malignant renal neoplasms in children (ab), C. C. Higgins and F. L. Shively, Jr., Aug., 230  
 Reaction of kidney tubules in tissue culture to roentgen rays, R. Chambers and G. Cameron, Aug., 186

Roentgen examination. See *Pneumogram*

**KYMOGRAPHY.** See *Roentgenkymography***KYPHOSIS**

Osteomalacia, osteoporosis, osteopetrosathyrosis, porotic kyphosis (ab), R. Kienböck, Oct., 517

**L****LABORATORIES**

New x-ray laboratory of National Bureau of Standards, L. S. Taylor, July, 79

**LEG**

Phlebographic examination of lower leg by contrast injection of a subcutaneous vein (ab), K. Lindblom, Nov., 653

**LEGG-PERTHES DISEASE.** See under Hip**LEIOMYOMA.** See under Tumors**LEIOMYOSARCOMA.** See under Sarcoma**LENS.** See under Apparatus**LEUKEMIA.** See also Lymphoblastoma

Intrathoracic manifestations of lymphomatoid diseases, J. O. Vieta and L. F. Craver, Aug., 138

Reaction of leukemic patients to sulfapyridine administration (ab), K. E. Livingston and R. D. Moore, Aug., 257

Roentgen therapy for chronic macrolymphocytic and mesolymphocytic lymphatic leukemia, W. C. Popp and C. H. Watkins, Aug., 160

Symptomatic leukemia (ab), H. G. Hadley, Nov., 657

Treatment of leukemia by radio-active phosphorus (ab), S. Warren, Aug., 257

**LIP**

Cancer: Further experiences with Chaoul therapy, E. P. Pendergrass and P. J. Hodes, Nov., 550

**LIPIODOL.** See Iodized oil**LIVER**

Recent advances in treatment of hepatic disease (ab), A. M. Snell, July, 128

**LUNGS.** See also Bronchi, Bronchiectasis, Tuberculosis, Pulmonary

Abscess, acute pulmonary, Surgical treatment of (ab), H. H. Neuhofer, Oct., 515

Abscess, pulmonary, Factors in reduction of mortality from (ab), R. H. Overholser and W. R. Rumel, Oct., 515

Acute pneumonitis: Report of 87 cases among adolescents (ab), J. R. Gallagher, Dec., 760

Acute (primary) coccidioidomycosis: roentgen findings in a group epidemic, R. A. Powers and D. J. Starks, Oct., 448

Asbestosis (ab), M. J. Stone, July, 118

Carcinoma of, Primary, in Chinese (ab), C. K. Hsieh, et al., Oct., 514

Carcinomas, bronchiogenic, Differentiation of (ab), P. W. Gebauer, Dec., 761

Case of pulmonary concussion due to high explosive (ab), G. Hadfield and R. V. Christie, Aug., 247

Collapse. See Atelectasis, Pneumothorax

Congenital solitary cyst (ab), G. Calchi-Novati, July, 118

Development of fetal lung, with special reference to lining of alveoli and effect of immaturity on respiration (ab), R. F. Norris, et al., Dec., 762

Edema, pulmonary, Roentgenological manifestations of, C. B. Nessa and L. G. Rigler, July, 35

Emphysema, Diffuse, following a double contrast enema, S. Brown and A. Fine, Aug., 228

Emphysema, pulmonary, Studies in experimental production of (ab), J. R. Paine, Sept., 386

Erythema nodosum, Mediastinal and pulmonary changes in, L. W. Paul and E. A. Pohle, Aug., 131

Examination of heart and lungs by cardiocardiographic method (ab), I. Seth Hirsch, July, 118

Fibrosis, pulmonary, Scleroderma with (ab), J. R. Murphy, et al., Aug., 247

Further lung dusting experiments (ab), A. E. Barclay, et al., Aug., 260

Inflammation, Pulmonary, as cause of pneumothorax (ab), J. H. Marks, Aug., 247

Influence of roentgen irradiation of normal lung on prevention of subsequent metastatic tumor growth: preliminary report, R. P. Barde, Nov., 608

Lymphomatoid diseases, Intrathoracic manifestations of, J. O. Vieta and L. F. Craver, Aug., 138

Mass radiologic surveys. See under Chest

Radiation therapy of metastatic malignancy of chest (ab), R. G. Giles, July, 125

Silicosis, G. Clement, Oct., 407

Silicotic lesions, Factors involved in production and development of silicotic lesions, W. S. Lemon, Oct., 413

**LYMPH NODES**

Roentgen therapy in tuberculous cervical lymphadenitis, H. Hauser, Sept., 304

**LYMPHATIC SYSTEM**

Effect of roentgen irradiation upon lymphatic flow in rats, P. J. Hodes and J. Q. Griffith, Aug., 203

Intrathoracic manifestations of lymphomatoid diseases, J. O. Vieta and L. F. Craver, Aug., 138

**LYMPHOBLASTOMA**

Further studies on radiotherapy of lymphoblastoma, I. Arons, Aug., 164

**LYMPHOSARCOMA.** See also Lymphoblastoma, and under Sarcoma**M****MASTOID**

Otitis and size of air cell system (ab), M. Diamant, Aug., 245

Roentgen signs of mastoiditis and its complications (ab), V. C. Johnson, July, 115

**MEDIASTINUM**

Intrathoracic malignancy in children (ab), S. Goldberg and J. Wallen, Dec., 760

Mediastinal and pulmonary changes in erythema nodosum, L. W. Paul and E. A. Pohle, Aug., 131

**MEDICINE.** See also Hospitals

Employment of physicians by hospitals: some legal aspects, M. F. Cahal, Aug., 237; Sept., 377; Oct., 507

**MELENA**

Etiology and diagnosis of massive hematemesis and melena (ab), S. Goodman, Aug., 247

**MELORHEOSTOSIS**

Melorheostosis, with report of case, S. V. Kirby, July, 62

**MENINGES**

Case of intracranial aerocele complicated by streptococcal meningitis (ab), G. Phillips, Sept., 385

Coccidioidal granuloma: brief review with report of case of meningeal involvement (ab), W. McK. Craig and M. B. Dockerty, Nov., 653

Roentgen appearance of meningioma of tentorium (ab), E. Lysholm, Nov., 646

**MENOPAUSE**

Treatment of hemorrhage in climacterium with special consideration of intruterine radium therapy (ab), H. Runge and A. Voige, Aug., 258

**METABOLISM, PHOSPHORUS**

Absorption of radiophosphorus in irradiated and non-irradiated mice, L. D. Marinelli and J. M. Kenney, Dec., 691

**METRAZOL.** See under Convulsions and convulsive therapy**MILITARY ROENTGENOLOGY**

Radiologic investigation of dyspeptic soldiers (ab), R. Salfley, Nov., 648

Serial fluoroscopy in the army (ab), O. Spühler, July, 116

**MILITARY SERVICE**

Bulletin of American College of Radiology, Dec., 758

Preserving practice of radiologists called to military duty, M. F. Cahal, July, 110; Dec., 755

**MINIATURE FILMS.** See under Roentgenograms**MOUTH**

Further experiences with Chaoul therapy in oral carcinoma, E. P. Pendergrass and P. J. Hodes, Nov., 550

Oral carcinoma, W. E. Howes and L. Bernstein, Oct., 468

Peroral roentgen treatment of malignant tumors (ab), B. Ebenius, Nov., 655

Radiologic treatment of epulis (ab), S. R. Kjellberg, Nov., 655

**MUCOUS MEMBRANES**

High-voltage roentgen irradiation of accessible cancer of skin and mucous membranes, G. Sims, Dec., 666

**MUSCLES**

Cysticercus cellulosae: its radiographic detection in musculature and central nervous system (ab), J. F. Braislford, Nov., 653

**MYASTHENIA GRAVIS**

Roentgenoscopy of pharynx in myasthenia gravis before and after prostigmine injection (ab), R. S. Schwab and H. R. Viets, Nov., 646

**MYCOSIS FUNGOIDES**

Intrathoracic manifestations of lymphomatoid diseases, J. O. Vieta and L. F. Craver, Aug., 138

**MYELOGRAPHY.** See also under Spine, intervertebral disks

Misplaced spinal lipiodol: analysis of 104 lipiodol spinograms, W. B. Hamby, Sept., 343

Myelographic diagnosis of intramedullary spinal cord tumors (ab), A. E. Walker, et al., Nov., 652

Removal of iodized oil by lumbar puncture (ab), C. S. Kubik and A. O. Hampton, Nov., 654

**MYELOMA**

Solitary plasma cell myeloma as initial stage of multiple myeloma (ab), B. B. King, July, 122  
 Two cases of bone tumors (multiple myeloma and plasmacytoma) treated by deep therapy (ab), I. L. Alves Corrêa, Oct., 519

**MYOSITIS**

Ossifying myositis (ab), E. B. Ribeiro, July, 124

**N****NATIONAL BUREAU OF STANDARDS**

New x-ray laboratory, L. S. Taylor, July, 79

**NECK**

Demonstration of tumors, non-neoplastic disease, and foreign bodies in neck and chest by body section roentgenography (planigraphy) (ab), B. R. Young, Nov., 634

**NEUTRONS**

Dosimetric and radiobiologic experiments with fast neutrons (ab), K. G. Zimmer, July, 129  
 Physical and biological considerations in use of slow neutrons for cancer therapy, P. A. Zahl and F. S. Cooper, Dec., 673

**NEVI**

Nevus epithelioma cylindromatosus (with special reference to its radiological treatment) (ab), S. Erikson, Nov., 657

**O****OBITUARIES**

Cleveland, Walter, R., Aug., 235  
 Desjardins, Anatole, Nov., 641  
 Orr, Clifford Rispien, Aug., 235  
 Regaud, Claude, Nov., 640  
 Stummel, Charles A., Sept., 374  
 Wescott, Wm. Clark, Oct., 504

**OCHRONOSIS**

Roentgen findings in alkaptoneuric ochronosis, M. M. Pomeranz, L. J. Friedman, and J. S. Tunick, Sept., 295

**OLIER'S DYSCHONDROPLASIA**

Olier's dyschondroplasia: report of case (ab), R. M. Carter, July, 124

**OS METATARSUM**

Os metatarsum: unusual variant, P. J. Delano, July, 102

**OS PUBIS**

Tuberculosis of os pubis: two cases (ab), V. Demirel, July, 124

**OSTEITIS DEFORMANS**

Treatment of osteitis deformans of Paget (ab), C. Henschel, July, 128

**OSTEOCHONDRITIS**

Generalized osteochondritis (ab), T. Lucherini and E. Giacobini, Nov., 650

Osteochondritis deformans juvenilis (ab), F. Jakob, Sept., 388

**OSTEOMALACIA**

Osteomalacia, osteoporosis, osteopsathyrosis, porotic kyphosis (ab), R. Kienböck, Oct., 517

**OSTEOMYELITIS**

Chronic sclerosing non-suppurative osteomyelitis of Garré: report of case with involvement of cuboid bone, T. Horwitz, Oct., 496

Frontal bone, Osteomyelitis of, as complication of frontal sinusitis (ab), H. P. Mosher, July, 115

Osteomyelitis variolosa: report of case (ab), P. L. Fan, July, 124

Skull, Osteomyelitis of, following frontal sinusitis (ab), A. S. Macmillan, July, 115

**OSTEOPOROSIS**

Osteomalacia, osteoporosis, osteopsathyrosis, porotic kyphosis (ab), R. Kienböck, Oct., 517

**OSTEOPATHY**

Osteomalacia, osteoporosis, osteopsathyrosis, porotic kyphosis (ab), R. Kienböck, Oct., 517

Osteopathrosis (Lobstein type) (ab), P. Funk, July, 123

**OTITIS**

Otitis and size of air cell system (ab), M. Diamant, Aug., 245

**P****PANCREAS**

Duodenal diverticula and their complications with particular reference to acute pancreatic necrosis (ab), R. F. Ogilvie, Oct., 516

**PANCREATIC LITHIASIS**

M. H. Poppel and A. H. Levy, Aug., 174

**PARALYSIS, PROGRESSIVE**

Effect and dosage in the treatment of progressive paralysis by roentgen rays (ab), F. Voss, July, 128

**PELVIMETRY**

Pelvicrophaly: analysis of 503 selected cases (ab), W. F. Guerrero, et al., July, 124

Roentgen diagnosis of intra-uterine hydrocephalus, R. Torpin and L. P. Holmes, Sept., 351

Simple calculator for roentgenographic mensuration (ab), T. P. Ting, Aug., 208

X-ray pelvimetry for general use (ab), D. J. McSweeney and A. M. Moloney, Aug., 253

**PENIS**

Radium therapy of induratio penis plastica (ab), E. Günsel, Aug., 259

Radium treatment of cancer of penis (ab), M. Lederman, Aug., 257

**PEPTIC ULCER**

Duodenal ulcer, Roentgenologic anatomy of (ab), G. Borhani, July, 119

Duodenal ulcers, large or giant, Diagnostic problems in cases of, W. P. Elkin, Dec., 748

Gastric and duodenal ulcer, Roentgenographic study of relative incidence of, J. W. McMullen, Aug., 194

Gastrojejunul ulcer following gastro-enterostomy 24 years before for pyloric stenosis of infancy (ab), L. H. Fowler and W. A. Hanson, July, 119

Greater curvature of stomach, Peptic ulcer of, A. J. Williams, Dec., 746

Recurrent peptic ulcer: situation of recurrences and importance of studies of pain in recognition of such recurrences (ab), A. B. Rivers and J. W. Gardner, Aug., 248

Surgical significance of gastro-intestinal bleeding (ab), V. C. Hunt, Oct., 516

**PERICARDIUM**

Hodgkin's disease: report of case with unusual longevity and invasion of heart and pericardium (ab), M. Ritvo, Aug., 257

**PERITENDINITIS CALCAREA**

Treatment of peritendinitis calcarea in shoulder joint, I. Klein and I. S. Klemes, Sept., 325

**PERITONEUM**

Intrapерitoneal localized abscess: roentgenologic aid in diagnosis, J. Levitin, Aug., 205

**PHARYNX**

Results of radiotherapy of hypopharyngeal cancer at Radhemmet, Stockholm, 1930-1939 (ab), H. E. Ahlbom, Nov., 655

Roentgenoscopy of pharynx in myasthenia gravis before and after prostigmine injection (ab), R. S. Schwab and H. R. Viets, Nov., 646

**PHLEBOGRAPHY**

Phlebographic examination of lower leg by contrast injection of a subcutaneous vein (ab), K. Lindblom, Nov., 653

**PHOSPHORUS, RADIOACTIVE**

Absorption of radiophosphorus in irradiated and non-irradiated mice, L. D. Marinelli and J. M. Kenney, Dec., 691

Tracer studies with radioactive phosphorus in malignant neoplastic disease, J. M. Kenney, L. D. Marinelli, and H. Q. Woodard, Dec., 683

Treatment of leukemia by radioactive phosphorus (ab), S. Warren, Aug., 257

**PHYSICIANS. See Hospitals****PITRESSIN**

Circulatory effects following intravenous administration of pitressin in normal persons and in patients with hypertension and angina pectoris (ab), A. Graybiel and R. E. Glendy, Nov., 653

**PITUITARY BODY**

Treatment of functional disorders of the female by radiation of pituitary gland (ab), J. Kotz and E. Parker, July, 128

**PLATYBASIA**

Platybasia (ab), P. J. Laube and O. Turner, Dec., 765

**PLUMMER-VINSON SYNDROME**

Some radiological observations on postcricoid obstruction and anaemia (ab), A. S. Johnstone, Dec., 762

**PNEUMONIA**

Roentgen therapy of experimental lobar pneumonia in dogs (ab), L. M. Lieberman, et al., Aug., 259

Roentgen treatment of experimental pneumonia in the guinea-pig, C. Fried, Aug., 197

Tularemia pneumonia: its recognition and prevention (ab), H. B. Thomas, Aug., 246

X-ray therapy in pneumonia (ab), F. Decker, Nov., 657

**PNEUMONITIS**

Acute pneumonitis: report of 87 cases among adolescents (ab), J. R. Gallagher, Dec., 760

**PNEUMOPERITONEUM**

Spontaneous pneumoperitoneum: a roentgenologic sign found in supine position, L. G. Rigler, Nov., 604

**PNEUMOTHORAX****artificial**

Bilateral pneumothorax: review of 56 cases (ab), R. M. Sonneborn, Nov., 646

Extrapleural pneumothorax: report of experiences and present day indications (ab), R. H. Overholt, Oct., 515

**spontaneous**

Clinical aspect and incidence of spontaneous pneumothorax in 49,198 fluoroscopic examinations (ab), C. Santos and F. Tanchanco, Jr., July, 118

Pulmonary infarction as cause of pneumothorax (ab), J. H. Marks, Aug., 247

Recurrent spontaneous pneumothorax (ab), H. G. Hadley, Dec., 700

Spontaneous pneumothorax of newly born with report of case (ab), W. H. Wood, Jr., and W. H. Paine, Oct., 515

**PREGNANCY. See also Pelvimeter**

Radium treatment of carcinoma of cervix during pregnancy with aim of delivery of normal offspring at full term (ab) F. v. Mickulicz-Radecki, Aug., 256

**PREGNANCY, Continued**

Reduction in surface dose by using harder radiation in roentgen diagnosis based on intravaginal dose measurements (ab), H. Kolbow, Sept., 388  
 Roentgen diagnosis of intra-uterine hydrocephalus, R. Torpin and L. P. Holmes, Sept., 351  
 Routine chest roentgenograms in pregnancy: study based on 800 consecutive cases (ab), H. K. Graham, Aug., 246

**PROSTIGMINE**

Roentgenoscopy of pharynx in myasthenia gravis before and after prostigmine injection (ab), R. S. Schwab and H. R. Viets, Nov., 646

**PRURITUS VULVAE**

Etiology and therapy of pruritus vulvae (ab), A. Labhardt, Aug., 258  
 Role of deep therapy in pruritus vulvae (ab), W. E. Eastland, Oct., 520

**PYELOGRAPHY**

Air pyelography (ab), O. Grant and R. Lich, Jr., Dec., 765  
 Increasing density of renal shadow during excretion urography: a sign of acute ureteric obstruction (ab), S. Nowell, Nov., 652  
 Indications for excretory urography (ab), B. H. Nichols, Aug., 250  
 Shortcomings of intravenous urography (ab), D. M. Davis, Aug., 249  
 Subcutaneous urography (ab), J. H. Vastine, Jr., and D. A. Sampson, Aug., 249

**PYLORUS. See Stomach****R****RADIATION. See also Radiotherapy, Radium, Roentgen rays, Roentgen therapy**

Influence of radiation on electrolytic coagulation of mastic sol (ab), F. L. Warburton, Aug., 260  
 Radiation and the cell (ab), P. S. Henshaw, Nov., 658  
 Reactions of Phycomyces blakesleeanus following x-ray and gamma radiation (ab), A. Forssberg, Nov., 658

**RADIOACTIVITY. See also Radiation, Radium, Roentgen rays**

Absorption of radiophosphorus in irradiated and non-irradiated mice, L. D. Marinelli and J. M. Kenney, Dec., 691  
 Elimination of radioactive elements by patients and rabbits after injection of thorotrust, W. Stenstrom, Dec., 698  
 Tracer studies with radioactive phosphorus in malignant neoplastic disease, J. M. Kenney, L. D. Marinelli, and H. Q. Woodard, Dec., 683  
 Treatment of leukemia by radioactive phosphorus (ab), S. Warren, Aug., 257

Plantar warts, Radiation therapy of (ab), J. H. Marks and Responsibility in radiotherapy (ed), F. C. Wood, Sept., 361  
 Return to normal life of patients with distant metastases as goal of radiation therapy (ab), W. G. Deucher, Aug., 254

Tonsil, Carcinoma of (ab), L. Schönbauer, Aug., 255  
 Uterus, cancer of corpus, Radiumhemmet experience with radiotherapy in: classification, method of treatment, and results (ab), J. Heymans *et al.*, Nov., 656

Uterus, cancer of cervix, Notes on radiation treatment of (ab), O. Chance, Nov., 656  
 Uterus, carcinoma of cervix, Comparison of results of surgery and radiotherapy in (ab), W. R. Winterton and B. W. Windeyer, Nov., 656

Uterus, carcinoma of cervix, optimum dosage in treatment of, by radiation (ab), M. C. Tod, Aug., 257

Uterus, carcinoma of cervix, Results of radiotherapy in, in Women's Clinic, University of Munich (ab), H. Eymer and J. Ries, Aug., 256

Uterus, carcinoma of cervix with crater formation, Susceptibility of, to radiation therapy (ab), W. Haupt, Aug., 256

Vulva, primary cancer of, One hundred and seventy-seven cases of (ab), E. G. E. Berven, Nov., 656

**RADIUM. See also Radiotherapy, Radon**

Action of radiations emitted by radium plaques, unfiltered and filtered radon seeds, and intravenous injection of radon dissolved in blood (ab), A. Eidinow, Aug., 260

Effect of gamma radiation on cells in vivo: spaced radiation (ab), F. G. Spear and A. Glücksmann, Nov., 658  
 Protective screening of radium during transportation, L. F. Curtiss, Nov., 628

**therapy**

Dosage data for radium therapy, Note on (ab), T. H. Oddie, Aug., 259

Dosage measurements in interstitial radium therapy (ab), A. A. D. Latouche and F. W. Spiers, July, 129

Hemorrhage in climacterium, Treatment of, with special consideration of intrauterine radium therapy (ab), H. Runge and A. Vöge, Aug., 258

Induratio penis plastica, Radium therapy of, (ab), E. Günzel, Aug., 259

Metropathia hemorrhagica and uterine fibroids, Intrauterine radium treatment of (ab), F. Siegert, Aug., 258

Penis, cancer of, Radium treatment of (ab), M. Lederman, Aug., 257

Rectum and rectosigmoid, Malignant disease of, treated with radium, H. H. Bowing and R. E. Fricke, Nov., 569

Uterus, carcinoma of, Dangers and uses of radium in treatment of (ab), M. D. Sachs, Sept., 390

Uterus, carcinoma of cervix, Radium therapy of, during pregnancy, with aim of delivery of normal offspring at full term (ab), F. v. Mikulicz-Radecki, Aug., 256

Uterus, Carcinoma of cervix: review of 200 cases treated with radium (ab), G. C. Wilkins, Oct., 520

Varix arterialis and its treatment by radium (ab), H. Weyrich, July, 127

Xeroderma pigmentosum, Radium therapy in (ab), J. Körbler, July, 127

**RADIUS**

Bilateral congenital dislocation of head of the radius, two cases (ab), H. P. Mauck and R. D. Butterworth, July, 122

**RADON**

Accurate placement of radon seed by suture method (ab), F. Haines, Dec., 770

**RECTUM**

Rectal dyschezia: a misnomer for megarectum, P. J. Delano, F. J. Ronayne, and T. B. Boland, Dec., 730

Malignant disease of rectum and rectosigmoid treated with radium, H. H. Bowing and R. E. Fricke, Nov., 569

X-ray treatment of inoperable carcinoma of rectum without colostomy (ab), J. F. Roberts, Nov., 636

**RESPIRATORY TRACT. See also Bronchi, Lungs**

Foreign bodies in air and food passages (ab), A. Greifenstein, Dec., 766

**RETICULO-ENDOTHELIAL SYSTEM**

Effect of prolonged x-radiation on Congo red index of rabbits (ab), C. Hoch-Ligeti, Nov., 658

**RHEUMATIC FEVER**

Pathologic dislocations of atlanto-axial joint: unusual complication of rheumatic fever, W. A. Evans, Jr., Sept., 347

**RHEUMATISM**

Nondestructive tuberculous polyarthritis versus tuberculous rheumatism (Ponseti) (ab), D. H. Kling and M. A. Levine, Dec., 763

Present trends in study of arthritis and rheumatism (ab), R. L. Cecil, July, 122

Roentgen therapy for rheumatic disease (ab), C. J. Smyth, *et al.*, Dec., 770

**RICKETS**

Calcification and ossification in rachitic rats (ab), M. R. Urist and F. C. McLean, Nov., 652

**RINGWORM**

Treatment of interdigital epidermophytosis (ab), du Bois, Aug., 257

 Rheumatic disease, Roentgen therapy for (ab), C. J. Smyth, *et al.*, Dec., 770  
 Skin and mucous membranes, accessible cancer of, High-voltage roentgen irradiation of, G. Sims, Dec., 666  
 Tuberculous cervical lymphadenitis, Roentgen therapy in, H. Hauser, Sept., 304  
 Uterine carcinoma, Results of treatment of, with roentgen rays (ab), H. Wintz, Aug., 256  
 Uterus, carcinoma of cervix, Supplementary x-ray treatment for, in relation to direction of spread of disease (ab), A. G. C. Taylor, July, 126  
 Uterus, carcinoma of cervix, Treatment of (ab), J. Markl, July, 126

**dosage**

Depth dosage measurements by means of goldfish, F. Ellinger, Dec., 717  
 Depth dose calculation, wherein absorption in unit volume in the depth, *i. e.*, volume depth dose, is the index of effective radiation, W. H. Meyer, Oct., 476  
 Dosage distribution in rotating irradiation (ab), du Mesnil de Rochemont, July, 129  
 Evolution of dosimeters in roentgen ray therapy, O. Glasser, Aug., 221  
 Percentage depth doses in low-voltage x-ray therapy (ab), W. J. Meredith, July, 129

**technic**

Carcinoma in young people and its treatment by Chaoul's near distance roentgen irradiation (ab), W. Neumann, Aug., 254  
 Further experiences with Chaoul therapy, E. P. Pendergrass and P. J. Hodges, Nov., 550  
 Near-distance therapy (ab), F. Roberts, Dec., 770  
 Peroral roentgen treatment of malignant tumors (ab), B. Ebenerius, Nov., 655  
 Rectum, inoperable carcinoma of, X-ray treatment of, without colostomy (ab), J. F. Roberts, Nov., 656  
 Results with Chaoul's near distance irradiation in gynecology (ab), L. Sonth and Z. Horvath, July, 125  
 Roentgen near distance irradiation in hemangioma (ab), F. Schaefer, Aug., 257  
 Roentgen therapy in combination with ultra-short waves and insulin injections, especially in carcinoma of stomach and esophagus (ab), J. G. Heeren, July, 125  
 Roentgen therapy with two x-ray tubes at potentials between 570 and 2,000 kv. (ab), W. Ferrant, July, 128  
 Significance of filter and cone in near distance x-ray tubes (ab), U. Henschke, July, 129  
 Some advances in construction and use of intracavity cone (ab), H. Martius and E. Witte, Aug., 259  
 Use of intravesical low-voltage contact roentgen irradiation in cancer of bladder, L. S. Goin and E. F. Hoffman, Nov., 545

**ROENTGENKYMOGRAPHY**

Roentgenkymogram in myocardial infarction (ab), M. L. Sussman, *et al.*, July, 119

Roentgenkymography of the heart: its clinical applications and limitations (ab), R. Gubner, *et al.*, July, 119

**ROENTGENOGRAMS**

Comparison of photofluorograms and regular large films during serial examination of workers exposed to dust (ab), E. Saupe, Oct., 514  
 Experiments in x-ray screen photography with control direct radiographs (ab), K. C. Clark, *et al.*, Nov., 654  
 Interpretation of chest x-ray films (ab), D. W. Heusinkveld, Aug., 245  
 Making of roentgenogram reproductions with the Leica (ab), Th. Hill, Sept., 389  
 Miniature x-ray film in "total survey" (ab), F. Tice, July, 117  
 Portable dark room for processing x-ray films rapidly, C. Jones, Dec., 740  
 Reproduction of roentgenograms on films of millimetric dimensions and suggested potentials of utility for this procedure, C. G. Sutherland, Nov., 622  
 Simplified method of preserving radiographs and allied records on miniature films, S. S. Sanderson, Nov., 616

**S****SARCOMA**

Esophagus, Sarcoma of, symptom-free fifteen months after x-ray therapy (ab), L. Bayer, Nov., 655  
 Leiomyosarcoma of duodenum, B. H. Henning and L. H. Garland, Sept., 353  
 Leiomyosarcoma of esophagus (ab), L. R. French and L. H. Garland, Sept., 387  
 Lymphosarcoma: study of 196 cases with biopsy (ab), E. D. Sugarbaker and L. F. Craver, July, 126  
 Osteogenic sarcoma, Treatment of (ab), A. B. Ferguson, July, 126  
 Periosteal fibrosarcoma (ab), M. Batts, Jr., Oct., 518  
 Retothelial sarcoma (lymphosarcoma) involving skull (ab), W. Loeppl, Oct., 520  
 Thymic malignancy [lymphosarcoma] (ab), J. L. Wade and A. R. K. Mathews, Nov., 648

**SCHÜLLER-CHRISTIAN SYNDROME**

Schüller-Christian's disease: case report, S. R. Beatty, G. C. Owen, and F. W. Mackay, Aug., 229

**SCIATICA**

Sciatic pain in low-back derangements: its incidence, significance, and treatment. A symposium (ab), Nov., 652

**SCLERODERMA**

Scleroderma with pulmonary fibrosis (ab), J. R. Murphy, *et al.*, Aug., 247

**SCURVY**

Complete bilateral epiphyseal separation of upper humeral epiphyses due to scurvy (ab), R. T. Hudson, *et al.*, Nov., 650

Epiphyseal dislocations in scurvy (ab), W. Scott, Nov., 650

**SELLA TURICA**

Radiological studies of sella region in gynecology (ab), E. de Bernardi, Nov., 652  
 Sella turica in various types of mental disease (ab), D. Agar, Oct., 514

**SHOULDER**

Calcification of supraspinatus tendon: new treatment (ab), G. F. Dick, *et al.*, Oct., 519  
 Roentgen irradiation of calcareous deposits about the shoulder, L. W. Baird, Sept., 316

Treatment of peritendinitis calcarea in shoulder joint, I. Klein and I. S. Klemes, Sept., 325

Value of arthrography of shoulder joint (ab), O. Axén, Nov., 649

**SIGMOID**

Malignant disease of rectum and rectosigmoid treated with radium, H. H. Bowing and R. E. Fricke, Nov., 569

**SILICOSIS**

Comparison of photofluorograms and regular large films during serial examination of workers exposed to dust (ab), E. Saupe, Oct., 514

Factors involved in production and development of silicotic lesions, W. S. Lemon, Oct., 413

Further lung dusting experiments (ab), A. E. Barclay, *et al.*, Aug., 260

Silicosis, G. Clement, Oct., 407

**SINUSES, PARASINAL**

Cerebral hemiatrophy with compensatory homilateral hypertrophy of skull and sinuses and diminution of cranial volume (ab), A. T. Ross, Nov., 646

Frontal sinusitis, osteomyelitis complicating (ab), H. P. Mosher, July, 115

Frontal sinusitis, osteomyelitis of skull following (ab), A. S. Macmillan, July, 115

Nasal sinusitis, G. W. Grier, Dec., 659

**SKIN** *See also* various skin diseases

Further experiences with Chaoul therapy, E. P. Pendergrass and P. J. Hodges, Nov., 550

High-voltage roentgen irradiation of accessible cancer of skin and mucous membranes, G. P. Sims, Dec., 666

Polyostotic fibrous dysplasia with cutaneous pigmentation and congenital arteriovenous aneurysms (ab), H. M. Stauffer, *et al.*, Nov., 650

**SIMALLPOX**

Osteomyelitis variolosa (ab), P. L. Fan, July, 124

- SOFT TISSUES**  
 Soft tissue radiography (ab), E. P. Allen and H. W. Calder, Aug., 254  
 Some important considerations of soft tissue anatomy as revealed by radiography of anatomical cross-sections, J. R. Cartt, Dec., 726
- SOLARIZATION**  
 Photographic reversal or so-called solarization (ab), W. F. Berg, et al., July, 130  
 Photographic reversal with x-rays (ab), O. J. Baltzer and J. E. Nafe, July, 130
- SPINAL CANAL**  
 Immediate and late effects of intrathecal injection of iodized oil (ab), A. W. Marovich, et al., Dec., 766  
 Misplaced spinal lipiodol: analysis of 104 lipiodol spinograms, W. B. Hamby, Sept., 343  
 Removal of iodized oil by lumbar puncture (ab), C. S. Kubik and A. O. Hampton, Nov., 654
- SPINAL CORD**  
 Myelographic diagnosis of intramedullary spinal cord tumors (ab), A. E. Walker, et al., Nov., 652  
 Roentgen therapy of 100 consecutive tumors of brain or spinal cord, F. B. Mandeville, D. A. Russell, and M. S. Farley, Nov., 560
- SPINE.** See also Atlas and Axis. Spinal cord, Spinal canal  
 Infectious spondylitis (ab), E. Lyon, Nov., 651  
 Mechanism of post-metrazol gibbus (ab), T. K. Rathmell, Aug., 252
- Oblique radiography of spine (ed), Aug., 232  
 Sciatic pain in low-back derangements: its incidence, significance, and treatment. A symposium (ab), Nov., 652  
 Tuberculosis of spine: observations on localization, extension, and healing—their bearing on diagnosis and treatment (ab), J. V. de los Santos, Oct., 518
- Vertebral hemangioma (ab), L. Stehr, Oct., 518  
 Vertebral syphilis, Roentgenographic diagnosis of, M. Sgalitzer, July, 75
- arthritis**  
 Diagnosis of Marie-Strumpell arthritis with certain aspects of treatment (ab), H. F. Hare, Aug., 251  
 Spondyloarthritis ankylopoietica (ab), C. L. Dunham and F. G. Kautz, Aug., 250  
 Spinal arthritis (letter to editor), L. H. Garland, Nov., 639
- dislocations**  
 Anterior dislocation of fourth cervical vertebra caused by catatonic posture of patient's neck (ab), N. J. Giannestras, Aug., 252  
 Cases of spondylolisthesis of unusual interest (ab), J. Blewett, Aug., 251  
 Spondylolisthesis (ab), E. Burkhardt, Aug., 251  
 Spondylolisthesis affecting fourth lumbar vertebra (ab), W. M. E. Topping, Dec., 765
- fractures**  
 Fracture of column after treatment of psychoses with cardiazol shock (ab), A. Vogt, Aug., 252  
 Study of aging of spinal fractures (ab), W. Jaeger, Sept., 387  
 Transverse process fracture (ab), L. Bayer, Aug., 252  
 Vertebral compression fractures sustained during convulsions (ab), S. Androp, et al., Oct., 517
- intervertebral disks**  
 Diagnosis of intervertebral disk protrusion by intraspinal injection of air (ab), W. E. Chamberlain and B. R. Young, July, 121  
 Herniated nucleus pulposus at fourth and fifth lumbar interspaces, neurologic aspects (ab), R. G. Spurling and F. K. Bradford, July, 121  
 Injury to intervertebral disks during spinal puncture (ab), M. Gellman, July, 122  
 Protrusion of lower lumbar intervertebral disks (ab), W. J. Mixter and J. S. Barr, July, 121  
 Reduction in height of last lumbar intervertebral disc and occurrence of lumbosacral transitional discs (ab), O. Wichtl, Oct., 517  
 Roentgenologic diagnosis of intraspinal protrusion of intervertebral disks (ab), J. D. Camp, July, 121  
 Symptom of narrowed intervertebral disc (ab), H. Schaer, July, 122  
 Use of oxygen in demonstrating posterior herniation of intervertebral disks (ab), J. L. Poppen, Aug., 252
- SPLEEN**  
 Encysted hematoma, studied roentgenologically with thorium dioxide (ab), C. Lucchioni, July, 120
- SPONDYLOLISTHESIS.** See Spine, dislocations
- STOMACH**  
 Congenital short esophagus with thoracic stomach and esophageal hiatus hernias (ab), H. F. Polley, Sept., 387  
 Diaphragmatic hernia, D. S. Beilin, July, 68  
 Fistula. See Fistula  
 Gastritis and antral narrowing (ed), July, 105  
 Hemorrhage from. See Hematemesis  
 Influence of reciprocal topographic-anatomic relations of pyloric antrum, pylorus, and duodenum, on roentgen picture in different exposures (ab), E. Walder, Aug., 247  
 Leiomyoma of stomach: report of two cases (ab), D. Whyte, Sept., 387  
 Ulcer. See Peptic ulcer
- cancer**  
 Early diagnosis and prognosis of gastric carcinoma (ab), R. Schindler, Aug., 248  
 Roentgen therapy in combination with ultra-short waves and insulin injections, especially in carcinoma of stomach and esophagus (ab), J. G. Heeren, July, 125
- Small carcinomatous gastric lesions simulating chronic benign ulcer: present status of differential diagnosis (ab), G. B. Eusterman, July, 119  
 Surgical treatment of gastric cancer masquerading as benign disease (ab), W. Walters and W. H. Cleveland, July, 120
- SULFAPYRIDINE**  
 Reaction of leukemic patients to sulfapyridine administration (ab), K. E. Livingston and R. D. Moore, Aug., 257
- SUNLIGHT**  
 Relation of solar radiation to cancer mortality in North America (ab), F. L. Apperly, Dec., 769
- SUPRARENAL GLANDS**  
 Tumors of adrenal and use of air insufflation in their diagnosis, G. F. Cahill, Nov., 533
- SYPHILIS**  
 Esophageal obstruction due to gummata of esophagus and diaphragm (ab), R. H. Kampmeier and E. Jones, Nov., 648  
 Syphilis in bones in infancy: some possible errors in roentgen diagnosis (ab), W. A. Evans, Jr., July, 124  
 Vertebral syphilis, roentgenographic diagnosis of, M. Sgalitzer, July, 75
- T**
- TENDONS**  
 Calcification of supraspinatus tendon: new treatment (ab), G. F. Dick, et al., Oct., 519  
 Treatment of peritendinitis calcarea in shoulder joint, I. Klein and J. S. Klems, Sept., 325
- TETRALOGY OF FALLOT**  
 Tetralogy of Fallot: contrast visualization of heart and great vessels, A. Grishman, M. F. Steinberg, and M. L. Sussman, Aug., 178
- THORIUM-X**  
 Experiences with treatment of carcinoma of face, especially of eyelids, by thorium-x (ab), E. Saupe, Aug., 255
- THOROTRAST**  
 Elimination of radioactive elements by patients and rabbits after injection of thorotrast, W. Stenstrom, Dec., 698  
 Encysted hematoma studied roentgenologically with thorium dioxide (ab), C. Lucchioni, July, 120
- THYMUS GLAND**  
 Thymic malignancy (ab), J. L. Wade and A. R. K. Mathews, Nov., 648
- THYROID GLAND**  
 Intensive radiation in treatment of hyperthyroidism (ab), R. G. Giles, Aug., 258  
 Surgical pathology of thyroid gland (ab), A. C. Broders, Sept., 385
- TIBIA**  
 Fractures of tibial condyles (ab), E. M. Bick, Aug., 253  
 Treatment of fracture of external tibial condyle (bumper fracture) (ab), J. S. Barr, Aug., 253
- TISSUE CULTURES**  
 Reaction of kidney tubules in tissue culture to roentgen rays, R. Chambers and G. Cameron, Aug., 186
- TONSIL**  
 Carcinoma of tonsil (ab), L. Schönauer, Aug., 255
- TRAUMA.** See Fractures, War wounds
- TUBERCULOSIS**  
 Diagnosis and treatment of tuberculosis (ab), J. C. Koerth, et al., Oct., 514  
 Nondestructive tuberculous polyarthritides versus tuberculous rheumatism (Poncet) (ab), D. H. Kling and M. A. Levine, Dec., 763  
 Radiological aspects of investigation into relationship of chronic irido-cyclitis, uveo-parotitis, and tuberculosis (ab), E. R. Williams, Nov., 647  
 Roentgen therapy in tuberculous cervical lymphadenitis, H. Hauser, Sept., 304  
 Tuberculosis of os pubis, Two cases of (ab), V. Demirel, July, 124  
 Tuberculosis of spine: observations on localization, extension, and healing—their bearing on diagnosis and treatment (ab), J. V. de los Santos, Oct., 518
- pulmonary.** See also Chest, mass radiological surveys  
 Accuracy of fluoroscopy in detection of pulmonary tuberculosis (ab), H. L. Israel and H. W. Hetherington, Aug., 245  
 Diagnosis of tuberculosis, especially of pulmonary tuberculosis (ab), H. M. Kinghorn, Aug., 245  
 Early diagnosis of pulmonary tuberculosis (ab), M. Quisumbing, July, 116  
 Early diagnosis of pulmonary tuberculosis in general practice (ab), R. H. Stiehm, July, 116  
 Functions and limits of roentgen study, physical diagnosis, and laboratory methods in recognition of active tuberculosis (ab), W. Neumann, Sept., 385  
 Indications for surgery in pulmonary tuberculosis (ab), R. Robertson, Aug., 246  
 Miniature film in "total survey" (ab), F. Tice, July, 117  
 Pneumothorax in. See Pneumothorax  
 Routine chest roentgenogram in pregnancy: study based on 800 consecutive cases (ab), H. K. Graham, Aug., 246  
 Serial fluoroscopy in the army (ab), O. Spihler, July, 116  
 Tracheobronchial complications of pulmonary tuberculosis (ab), R. C. Carpenter, July, 117  
 Tuberculosis among nurses (ab), P. V. Davis, July, 117  
 Tuberculosis case findings through mass surveys in adult groups (ab), A. E. Jaffin, July, 117

**TUBERCULOSIS, pulmonary, Continued**

Tuberculous case-finding in University of Kansas students, R. I. Canuteson, July, 117  
X-ray interpretation in tuberculous case-finding (ab), G. M. Tice, July, 117

**TULAREMIA**

Tularemia pneumonia: its recognition and prevention (ab), H. B. Thomas, Aug., 246

**TUMORS**

*See also under various organs and tumor types, as Cancer, Angioma, Chloroma, Sarcoma, etc.*  
Demonstration of tumors, non-neoplastic disease, and foreign bodies in neck and chest by body section roentgenography (planigraphy) (ab), B. R. Young, Nov., 654

**experimental**

Action of dry heat on Wood's sarcoma (ab), K. Overgaard and H. Okkels, Aug., 259

Conditional neoplasms and subthreshold neoplastic states. A study of ear tumors of rabbits (ab), P. Rous and J. G. Kidd, Sept., 390

Effect of high and low body temperatures on growth of irradiated mouse sarcoma 180, K. Sugiura, July, 85

Effects produced by different doses rates of x-radiation upon growth factors of mouse sarcoma 180 grown *in vivo* following irradiation *in vitro*, A. Goldfeder, Dec., 705

Experimental study on effect of aniline dye upon growth and radiosensitivity of transplanted tumor (ab), S. Kisimoto, July, 130

Influence of roentgen irradiation of normal lung on prevention of subsequent metastatic tumor growth: preliminary report, R. P. Barden, Nov., 608

Roentgen radiation of papilloma virus (Shope). Effect of x-rays upon papillomas on domestic rabbits (ab), J. T. Syvertson, et al., Sept., 390

Studies regarding course of radiation reaction in mouse carcinoma exposed to roentgen rays (ab), W. Luther, Aug., 260

**U****URETERS**

Increasing density of renal shadow during excretion urography: sign of acute ureteric obstruction (ab), S. Nowell, Nov., 652

**UTERUS**

Gas gangrene of uterus, M. H. Poppel and M. Silverman, Oct., 491

Intrauterine radium treatment of metropathia hemorrhagica and of uterine fibroids (ab), F. Siegert, Aug., 258

Treatment of hemorrhage in climacterium with special consideration of intrauterine radium therapy (ab), H. Runge and A. Vöge, Aug., 258

**cancer**

Carcinoma of cervix: review of 200 cases treated with radium (ab), G. C. Wilkins, Oct., 520

Comparison of results of surgery and radiotherapy in carcinoma of cervix uteri (ab), W. R. Winterton and B. W. Windeyer, Nov., 656

Dangers and uses of radium in treatment of carcinoma of uterus (ab), M. D. Sachs, Sept., 390

Development of oral therapy of carcinoma of uterus (ab), A. Mayer, Aug., 256

Optimum dosage in treatment of carcinoma of uterine cervix by radiation (ab), M. C. Tod, Aug., 257

Radiation treatment of cancer of cervix, Notes on (ab), O. Chance, Nov., 656

Radium therapy of carcinoma of cervix during pregnancy with aim of delivery of normal offspring at full term (ab), F. v. Mikulicz-Radecki, Aug., 256
